

Remarks/Arguments:

New claim 30 is supported by the originally filed application at page 55, line 3 to page 61, line 16. In particular, the feature of "the display device includes an input unit, a communication unit; and the rights information server includes a communication unit, a predetermined information reader, a database, a searching/analyzing unit, and a communication unit" is supported at page 55, lines 16 to 26. At page 55, lines 16 to 26 it is stated "The digital image pickup device 100 is provided with the input unit 101, the photography position information embedding unit 103, the browse restriction applying unit 104, the recorder 105 and the output unit 106. The display device 200 is provided with the input unit 201, the communication unit 203 and the display 205. The rights information server 300 is provided with a communication unit 301e, a searching/analyzing unit 302e, a database 303e, a photography position information reader 304e and a browse restriction processor 305e".

No new matter has been added.

Respectfully submitted,

Lawrence E. Ashery, Reg. No. 34,515
Attorney for Applicants
